

bautech URBANES WOHNEN 2020

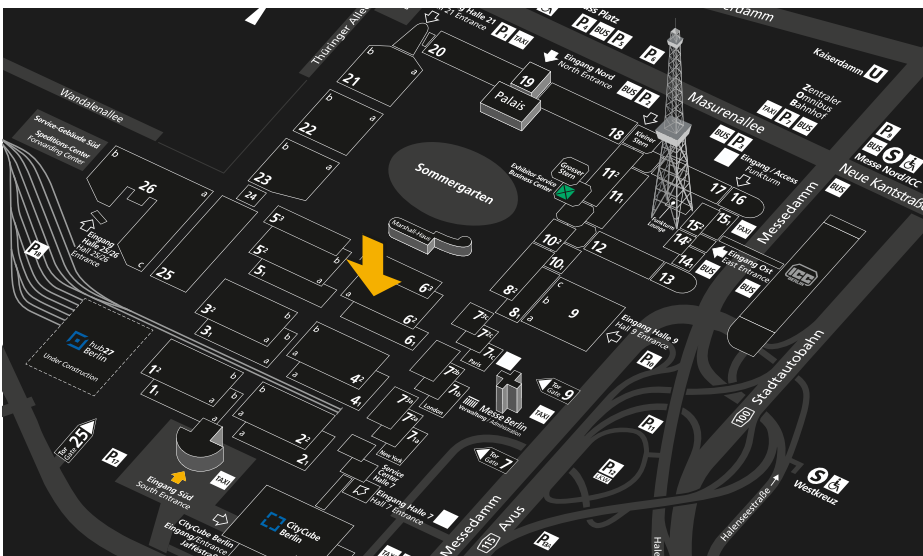

Positionen und Perspektiven

Kongress für Planer & Architekten
20. Februar 2020

HOUSING | Positions and Perspectives

The bautech Congress "HOUSING | Positions and Perspectives" is a get-together of international experts presenting model projects and individual housing concepts and discussing perspectives of urban housing.

Insights and outlooks on research provided by Oona Horx-Strathern (Future Day GmbH / Zukunftsinstitut) and Konrad Graser (ETH Zurich). Discussion round with Eike Becker (Eike Becker Architekten) Aysin Ipekci (STUDIO ARCHITECTS), Andreas Krauth (TELEINTERNETCAFE), Ritz Ritzer (bogevischs buero) and Jette Cathrin Hopp (Snøhetto) talking about future housing concepts in theory and in practice.

Venue

Berlin Exhibition Centre
Exhibition Hall 6.2
Messedamm 22
14055 Berlin

Kongress für Planer & Architekten

20. Februar 2020

AGENDA

9.00

Accreditation

9.45

Welcome address

10.00

Future cities

OONA HORX-STRATHERN

Future Day GmbH / Zukunftsinstitut

Oona Horx-Strathern has been a researcher, consultant, lecturer and author for more than 25 years. Favourite subjects: architecture as a lifestyle, urban development and sociodemographic change, relationship between emotion and technology.

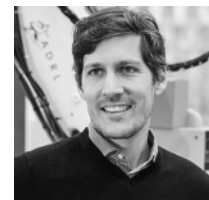

10.45

Architecture laboratory

KONRAD GRASER

ETH Zürich

Within the NCCR program "Digital Fabrication" Konrad Graser works as a project manager for NEST Unit DFAB HOUSE, the world's first occupied building that was planned digitally and predominantly constructed digitally.

11.30

The participation risk

RITZ RITZER

bogevischs buero

By implementing projects like cooperative housing called WagnisART the Munich-based office actively looks for strategies for a sustainable development of urban structures and living spaces.

12.30

Housing for all

AYSIN IPEKCI

STUDYO ARCHITECTS

Aysin Ipekci's special concern is the discourse on residential construction in Germany. Since 2010, the native of Cologne has been an active member of BDA Cologne. Currently, she is a member of the Regional Association's board.

Kongress für Planer & Architekten

20. Februar 2020

AGENDA

13.15

Urban development

ANDREAS KRAUTH

TELEINTERNETCAFE

Involvement with places and situations is the office's starting point when looking for new, open city designs.

14.15

Urban visions

EIKE BECKER

Eike Becker Architekten

Constantly improving the quality of life in urban contexts despite growing challenges is Eike Becker's declared aim.

15.00

Power houses

JETTE CATHRIN HOPP

Snøhetta

By implementing projects like Lingkong Soho Shanghai, Elbtower in Hamburg or Powerhouse One in Trondheim this office has set new standards in the field of sustainable construction. The Kjørbo Powerhouse in Sandvik is being designed and, upon completion, will be the world's first renovated positive-energy house.
